Dear Member,

Welcome to the April edition of our eNewsletter. We are very excited to announce the launch of our brand new Visa Debit and Visa Credit Cards which now comes with the greatly anticipated Visa payWave and a fantastic new Macquarie Credit Union branded design.

Visa paywave offers an easy and convenient method of payment with the added benefit of being able to 'tap and go' for purchases under \$100 without having to enter a PIN.

While Christmas may be well and truly over, many of us may find that we haven't finished paying for it yet. For those of us with a number of different credit cards and store cards, consolidating them into one low rate personal loan may be the answer.

Our 10/5/50 Personal Loan embodies simplicity and certainty, and was recently named one of the country's best value Personal Loans as a winner in the 2017 Mozo Experts Choice Awards.

With the end of the financial year fast approaching many people consider it's time to purchase a new car. There are often plenty of deals on offer at this time from extra features to significantly discounted interest rates for car finance. It always pays to do your homework before signing on the dotted line because quite often the deal is too good to be true.

Macquarie Credit Union has a range of competitively priced car loan products and great local staff to assist you through the process.

Finally, our Financial Planning partners, Bridges, are there to help with many important decisions in life, from planning for your retirement, changing employment, or investing. Remember, as a member of Macquarie Credit Union your first appointment is offered to you free.

Matthew Bow
General Manager

VISA PAYWAVE

The countdown for Visa payWave is over, and you are now able to order your new Macquarie Credit Union branded cards with payWave. payWave is Visa's contactless technology, which significantly reduces the transaction time for the cardholder. payWave can be used for purchases up to \$100 and is an extremely convenient way to transact on lower value payments. Come into the branch or call to discuss payWave today.
